Drama Club Musical Production

How to Become a Member of the Tech Crew

The tech (technical) crew has a very important part in the production of the junior high musical. Without your work in helping to build the sets, paint scenery, make props, and other behind-the-scenes details, the show wouldn't be what it is on opening night. Tech Crew members put in extra time outside of the cast rehearsals to make the set and scenery. In order to be in the Tech Crew, you must have evenings available to work in the month of January.

To be selected, you must submit a one page paper to Miss Kohne or Mr. Cloonan. The paper should include answers to some of these questions (use them as a guide in your writing):

- 1) Why do you want to be on the Tech Crew?
- 2) What skills do you have that would make you a good member of the Crew?
- 3) Do you have any experience building, working with wood, foam core, or other set building materials?
- 4) What experience do you have painting or working with colors artistically?
- 5) What does the Tech Crew do to help the cast or the overall production?
- 6) What skills do you hope to gain or improve upon by working on the Tech Crew?

Papers should be neatly presented (typed is most preferred) and should show some thought in its composition. Please submit your paper to either Miss Kohne (Music Room A017) or Mr. Cloonan (Chorus Room A100) by **Friday, December 5, 2008**. The list of those selected for the Tech Crew will be posted outside both music rooms before the winter holiday break.
